DIGITAL LITERACY PORTFOLIO REPORT

NAME : AYUSHI RAJ
COURSE:DIGITAL LITERACY
INSTITUTE:VIT BHOPAL
Date: 31.03.26

INTRODUCTION

Digital literacy refers to the ability to effectively use digital tools and technologies.
In today's world, digital skills are important for communication, learning, and professional development.
This project demonstrates various aspects of digital literacy including online presence, digital platforms, email communication, and cyber safety.

TASK 1: DIGITAL LITERACY PRESENTATION

In this task, professional profiles were created on platforms such as GitHub and LinkedIn.

These platforms help individuals showcase their skills, projects, and achievements online.

DIGITAL PLATFORMS

This task involved exploring different digital platforms such as Google Drive, Canva, and GitHub.
These tools help in collaboration, file storage, and digital content creation.

EMAIL ETIQUETTE

In this task, a professional email format was studied and practiced.
Email etiquette ensures clear communication, respectful language, and professional interaction in digital communication.

CYBERCRIME AWARENESS

This task focused on understanding cybercrime and methods to prevent it.
A case study on phishing attacks was presented along with preventive measures such as strong passwords and two-factor authentication.

CONCLUSION

This Digital Literacy Portfolio helped develop essential digital skills including communication, online presence, and cyber safety awareness.

These skills are important for both academic and professional environments.
